Indiana (Current as of 09/23/2020)	Yes	<p>- All licenses issued by the State which are set to expire in the next 60 days will instead expire on May 22nd, June 4th June 30th. This means that any license which is currently active will remain active until at least May 22nd June 4th June 30th, which is when the license will be designated as "Expired". (Updated 5/8/2020) - All healthcare professionals that hold a valid license to practice in another state are not required to attain an Indiana license to practice their equivalent profession in Indiana. - APRN is permitted to provide services in multiple locations as long as they have an existing collaborative agreement. - APRN is not required to provide descriptions to collaborating Physicians.</p> <p>03/30/2020 - If a nursing student has successfully completed all required course work at an accredited school, has applied for a license with the PLA and has supplied PLA a certificate of completion, the provisions of NCLEX exam being taken, background check completed, and duration of the license be for a period of two years is suspended. Initial license under these provisions will be limited for 90 days, but can be renewed in 30 day increments until the lifting of this emergency. Then regular requirements will need to be followed.</p>	Indiana Professional Licensing Agency COVID-19 Actions
Iowa (Current as of 09/01/2020)	Yes	<p>All Waivers have been extended 7/24/2020</p> <p>03/19/2020 - Providers whose licenses have been inactive for less than 5 years may be eligible to practice. (effective through August 23, 2020)</p> <p>3/22/2020 - The board may issue emergency licenses to providers who the board determines have sufficient minimum education. (effective through August 23, 2020) - Nurses whose licenses expire during the proclamation period may continue to work on the expired license, and the provider has 60 days after the end of the emergency period to renew their license. Nurse may still renew their licenses during this period. (effective through August 23, 2020)</p> <p>3/25/2020 - Iowa licensure is not required when a nurse who holds an active license in another state provides emergency services. Active single or multi-state licensees may work in Iowa without an Iowa license.</p> <p>3/26/2020 - Nursing students may complete more than 50% of their clinical hours in simulation activities. (effective through August 23, 2020)</p> <p>4/29/2020 - Graduates of an approved program or applicants who cannot take the NCLEX exam, may qualify for an emergency temporary license. (effective through August 23, 2020)</p> <p>06/25/2020 -Proclamation extending the prior deadlines of June 25, 2020. This includes all prior licensing relief provisions. Proclamation expires 07/25/2020. 08/21/2020 - Proclamation extending the prior deadlines of August 23, 2020. This includes all prior licensing relief provisions.</p>	IA Board of Nursing

<p>Kansas (Current as of 10/06/2020)</p>	<p>Yes</p>	<p>KS Board of Nursing</p>
--	------------	----------------------------

- The requirement for licensure renewal every two years is in statute and the actual expiration dates are set in regulation (every two years the last day of the birthday month, odd or even years based on whether born in odd or even year)." (<https://ksbn.kansas.gov/covid-19/>)

4/22/2020

- Medical services may be provided without supervision from a licensed physician or nurse.
- Military personnel and healthcare professional students may work in a healthcare facility in a capacity that appropriate based on their education, training, and experience.
- Medical students, physical therapists, and emergency medical personnel may work as respiratory therapist extenders, under the supervision of a physician, respiratory therapist, or advanced practice nurse.
- Providers whose licenses have been inactive for less than 5 years, may renew without taking necessary exams, submitting fingerprints, meeting continuing education requirements, paying the renewal fee.
- Basic life support, CPR, advanced cardiac life support, first aid, or other such certifications will remain in effect until the end of the emergency.

05/26/2020

-All state agencies shall extend renewal deadlines for professional licenses to any individual that was in good standing as of March 12, 2020 and that has expired or will expire during the State of Disaster Emergency and such license shall remain valid until 90 days following the termination of the State of Disaster Emergency

-All state agencies shall extend the deadlines for any mandatory continuing education requirements until 90 days following the termination of the State of Disaster Emergency. This EO will remain in force until rescinded, until June 30, 2020 or until the State of Disaster Emergency proclaimed on May 26, 2020 expires, whichever is earlier.

06/19/2020

-Executive Order No 20-39 that extends the expiration date of nursing licenses will expire on 6/30/2020. Nurses who have licenses that were to expire in March, April, May and June 2020 must have their licenses renewed by September 28, 2020. Those licenses will lapse if not renewed by that date. (Superseded by EO-20-49)

House Bill No. 2016:

-The state of disaster emergency continues in existence from March 12, 2020 through September 15, 2020.

-APRNs employed to support a facility's response to the COVID-19 pandemic may work as necessary without direction and supervision from a responsible physician. A RNA may work as necessary to support the facility's response to the pandemic without direction and supervision from a physician (expires 1/26/2021).

-RNs or LPNs may order the collection of throat or nasopharyngeal swab specimens from individual suspected of being infected by COVID-19 for the purposes of testing (expires 1/26/2021).

-LPNs may provide healthcare services appropriate to their education, training and experience when employed or contracted to work to support the facility's response to the pandemic without direction from a RN (expires 1/26/2021).

-RNs or LPNs who hold a license that is exempt or inactive or whose license has lapsed within the past five years may provide healthcare services appropriate to their education, training and experience (expires 1/26/2021)

-Allow a registered nurse who is serving in the military to volunteer or work within a facility in roles that are appropriate to their education, training and experience (expires 1/26/2021)

-A nurse licensed and in good standing in another state may practice as a nurse in the state of Kansas (expires 1/26/2021)

-Nurses meeting the requirements of this act may have their license reinstated within five years of lapse without the requirements of continuing education and payment of a fee. Nurses wanting this provision will be given a temporary license that expires on 1/26/2021. After that date, the nurse may apply for reinstatement of license and meet the requirements of reinstatement

07/08/2020

Executive Order No. 20-56:

-A temporary license, certification, or registration may be issued for persons who were previously licensed by the State as long as the person was in good standing prior to the lapse of the license. Additionally, the license may not have been issued more than 5 years ago.

-A temporary aide authorization may be issued for persons who received minimum training within the nursing facility as set forth by KDADS.

-A temporary authorization may be issued for persons who were not previously licensed, certified, or registered by Kansas or any other state in the US.

-This Executive Order also amends Licensure of "Adult Care Homes."

07/13/2020

-Executive Order No 20-39 that extended the expiration date of nursing licenses expired on 6/30/2020. Executive Order 20-49 was signed on 6/30/2020 that extends the expiration date of nursing licenses in "good standing" that were to expire in March, April, May and June 2020 to September 15, 2020. These licenses must be renewed on or before September 15, 2020. Those licenses will lapse if not renewed by that date.

09/23/2020

-Normal license expiration dates of March 31, 2020, April 30, 2020, May 31, 2020, June 30, 2020, July 31, 2020, August 31, 2020, and September 30, 2020 have a new license expiration date of October 15, 2020. These licenses will be lapsed if not renewed by October 16, 2020. Licenses with an expiration date of October 31, 2020 are not affected by this Executive Order and must be renewed by October 31, 2020. They will be considered lapsed, if not renewed by November 1, 2020.

Kentucky (Current as of 10/06/2020)	Yes	<p>03/17/2020 -The Board will create a registry and authorize practice of nurses and board certified dialysis technicians who are currently licensed and in good standing in another state.</p> <p>03/20/2020 -During the emergency, the integrated practicum requirement and overall clinical education requirement of a Program of Nursing may be met through simulation. -The time to complete the integrated practicum has been extended to within 7 months for graduation.</p> <p>03/20/2020 -Board has directed that, upon the expiration of a provisional Licensed Practical Nurse license or the expiration of a provisional Registered Nurse (the Board will issue a new provisional license, thus extending the period of permissible provisional licensure by up to six (6) months. -Temporary licensure will no longer require FBI report or fingerprinting. However, fingerprinting and FBI report are still required for full licensure.</p> <p>3/26/2020 -Long term care facilities may train and hire Personal Care Attendants during the COVID-19 State of Emergency to perform defined resident care procedures that do not require the skill or training for a State Registered Nurse Aide.</p> <p>03/31/2020 - Issuance of a temporary work permit to RN, LPN, or dialysis technician who applies for and is eligible for reinstatement of a lapsed or retired license. - Collaborative agreements requirements have been lifted for the duration of the COVID-19 emergency. - The one year waiting period for new APRNs to prescribe has also been lifted. - Board staff will not enforce the 120 hour integrated practicum requirement in a manner that necessitates direct patient care, or the completion of the integrated practicum within seven consecutive weeks. - The 120 hour integrated practicum may be completed or met through simulation. - Allows provisional licensure for exam applicants, and temporary work permits for endorsement applicants, in circumstances where a criminal background check has not yet been completed. - The provisional licenses and temporary work permits expire after six months; however, the Board can extend this period if criminal background check processes are not restored within that period.</p> <p>04/20/2020 - Issuance of temporary work permit to applicants for nurse licensure without a full background check and exams. - Full background checks and exams will be required for a full licensure. - If an APRN issues a temporary permit has never before practiced as one, they will need to practice with another APRN or an MD who is physically present in the building. - Those who licenses were suspended, or have open disciplinary cases will still be required to satisfy disciplinary conditions as a prerequisite for reinstatement.</p> <p>09/25/2020 -Directives from the Kentucky Board of Pharmacy were revised on July 29, 2020. The directive placing restrictions on prescriptions for chloroquine, hydroxychloroquine, mefloquine, or azithromycin was repealed at the July 29, 2020 Kentucky Board of Pharmacy meeting.</p>	KY Board of Nursing
Louisiana (Current as of 10/06/2020)	Yes	<p>03/31/2020 -An out-of-state nurse can practice in LA if they hold an unencumbered, unrestricted, and active license confirmed through Nursys -An APRN practicing with a previously approved collaborating physician at a new site otherwise not previously reported to the board may continue to practice during the time of the declared emergency or disaster under the parameters of the signed collaborative practice agreement. -The board may extend the expiration of a temporary permit or reinstate an expired permit during a public health emergency and for such periods thereafter as approved by the board -Any permit extended or reinstated in accordance with the public health emergency exception shall be valid for 120 days and may be extended for additional 90-day increments upon written request and as determined appropriate and necessary by the board.</p> <p>03/19/2020 -Extend the expiration of a temporary permit or reinstate an expired permit for nursing graduates who have not taken the NCLEX-RN. This waiver is in effect until August 1, 2020, or unless sooner amended, or rescinded by the MJC or further Executive Order. 04/27/2020 - Waive provision for a Nurse Midwife requiring physician supervision to allow the extension of the approval to practice in cases of emergency such as injury, sudden illness or death of the supervising physician during the declared state of emergency without submitting evidence of a new supervising physician. A certified nurse midwife seeking an extension of approval to practice must first notify Board of Nursing staff, who may grant an extension for up to forty-five (45) days. The certified nurse midwife shall endeavor to secure another supervising physician during the extension period. These provisions are approved until August 1, 2020, or unless sooner amended, or rescinded by the Board or further Executive Order. - Waive provision for a nurse to have to have certification to practice as a CRNA, they will be identified as a Graduate CRNA. This recognition expires 6 months from date of issuance.</p>	<p>NC Board of Nursing</p>
<p>North Carolina (Current as of 09/22/2020)</p>		

North Dakota (Current as of 09/22/2020)	Yes	<p>3/23/2020 The Order was implemented to allow nurses licensed in another state to work in North Dakota to care for citizens impacted by COVID-19 coronavirus. This Order applies only to nurses whose license in their home state is in good standing. 4/8/2020 - Providers with retired or inactive licenses may apply for reactivation if they have 400 hours of practice within the preceding four years, and Continuing education requirements. Providers who do not meet these requirements may apply for an Emergency Limited licensure.</p>	ND Board of Nursing
Ohio (Current as of 09/22/2020)	No	<p>- OHIO LAW AUTHORIZES NURSING PRACTICE IN EMERGENCIES WITHOUT AN OHIO NURSING LICENSE, including deployment of licensed nurses from other states to Ohio during this state and national emergency, as well as the deployment of Ohio licensed nurses to similar declared emergency areas. Temporary permits authorize nurses to begin practicing in Ohio within 3 business days or less of the Board's receipt of an application for reciprocity. 3/27/2020: -The board may issue RN or LPN licenses to applicants who are not able to take the licensure exam provided they have completed a board approved education program and passed a criminal records check. These licenses are valid for 90 days or the duration of the emergency. 3/31/2020 - Licenses expiring during the period of the emergency will remain valid through the end of the declared emergency.</p>	OH Board of Nursing
Oklahoma (Current as of 10/28/2020)	Yes	<p>03/17/2020 - Any individual who holds a current nursing license or recognition issued by another state, may apply for a temporary license to practice nursing in Oklahoma as long as the license/recognition in the other state is in good standing and as long as the Executive Order is in effect. 03/21/2020 - Any individual whose Oklahoma nursing license is lapsed and cannot be reinstated due to Oklahoma Tax Commission noncompliance, may reinstate the nursing license as long as the Executive Order is in effect. - Any individual who has an Oklahoma RN or LPN nursing license that has not been active for less than five years may be issued a temporary single state nursing license, if the individual meets all reinstatement requirements except continuing qualifications for practice. - Any individual whose Oklahoma APRN nursing license is lapsed and cannot be reinstated due to Oklahoma Tax Commission noncompliance, may reinstate the nursing license as long as the Executive Order is in effect. The individual must hold a current license to practice as an RN in Oklahoma. 06/12/2020 -All occupational licenses issued by any agency, board, or commission of the State of Oklahoma that expire during this emergency shall be extended until 07/26/2020. (Extended to 09/12/2020)</p>	OK Board of Nursing
Oregon (Current as of 10/28/2020)	No	<p>03/24/2020 All license expiration dates have been extended 60 days. (UPDATED) All licenses that were active on March 24, 2020 qualify for a renewal deferral. Licensees have until 30 days after the end of the emergency declaration to renew. Licensees may still choose to renew on-time. Retired RNs, LPNs, and CNAs who wish to reactivate their Oregon licenses or certificates may do so at no charge Emergency authorizations. Per ORS 678.031(4), the Board is allowing nurses and nursing assistants licensed in another state or US jurisdiction to provide care in Oregon under special provisions for the duration of the declared state of emergency - The board voted to allow programs to continue didactic and online clinical practicums through the summer term. 07/30/2020 -Guidance on Resumption and Continued Provision of Non-Emergent and Elective Procedures at Ambulatory Surgical Centers 07/30/2020 -Guidance on Resumption and Continued Provision of Non-Emergent and Elective Procedures at Hospitals 07/31/2020 -Guidance on Resumption and Continued Provision of Non-Emergent and Elective Procedures in Medical and Dental Offices, and Other Health Care Settings</p>	OSBN Information Regarding COVID-19

<p>Pennsylvania (Current as of 10/28/2020)</p>	<p>No</p>	<p>03/20/2020 - The Governor approved temporary suspension of the requirement that a collaborative agreement be filed with the State Board of Medicine prior to engaging in the practice of midwifery. 03/25/2020 - Registered Nurse, Clinical Nurse Specialist, Certified Registered Nurse Practitioner and Prescriptive Authority license renewal deadlines will be extended from April 30, 2020, to July 29, 2020. (Extended to 08/28/2020) - Practical Nurse license renewal will be extended from June 30, 2020, to Sept. 28, 2020. - Other Licenses (specific professions) renewal deadlines which fall between April 30, 2020, and June 30, 2020 have been extended for 90 days. 03/27/2020 - The Nursing Home Administrator license renewal deadline will be extended from June 30, 2020, to Sept. 28, 2020. - Unless there is a Prescriptive Authority Collaborative Agreement, CRNPs may not prescribe and dispense under the additional collaboration. - For practitioners licensed in another state, the English language proficiency testing requirement for RN and PN Temporary Practice Permits is temporarily waived. - For Certified Registered Nurse Anesthetists (CRNAs): The requirement to administer anesthesia in cooperation with a surgeon is temporarily waived and replaced with any physician. - CRNA graduates who have completed approved anesthesia programs, temporarily do not need to receive board approval to continue to practice if they are unable to take the CRNA examination. - For Clinical Nurse Specialists who hold an active license in another state and current national certification temporarily do not need to demonstrate educational equivalency for certification by endorsement. License renewal deadlines will be extended from April 30, 2020, to July 29, 2020, as noted in a previous waiver summary. 04/06/2020 - The Department and State Board of Examiners of Nursing Homes requested that the two-year timeframe be extended for an additional one (1) year, so that anyone in an AIT program as of March 6, 2020, when the Governor's emergency declaration was declared, will have a total of three (3) years in which to complete their program from the original date of Board approval. 04/17/2020 - For those health care professionals in the task force who did not immediately qualify for state licensure -- including practical nurses, dentists and pharmacists -- the Department of State requested, and Governor Wolf granted, a waiver to practice in Pennsylvania as long as they are employed by the Armed Forces of the United States, the U.S. Public Health Service, the Department of Veterans Affairs or the federal government. 4/18/2020 - Provider who have not been able to take the necessary exams for full licensure will receive an extension of their temporary license expiration. 06/16/2020 - For nurses with temporary practice permits and nursing school graduates with graduate permits, those permits are further extended and shall remain in effect until 90 days after the end of the COVID-19 disaster emergency declaration. 10/01/2020 - All renewals are due for this group of licensees on October 31, 2020.</p>	<p>PA DoS COVID</p>
<p>Rhode Island (Current as of 10/28/2020)</p>	<p>No</p>	<p>3/18/2020 Out-of-state licensees need only submit a completed application form and a statement verifying the license status from their home state to receive a 90-day license to practice in Rhode Island. This temporary license can be renewed one time for providers who are directly treating patients with COVID-19. There will be no cost to obtain the license or for the one-time renewal. 05/21/2020 - Retirees determined by the RI Department of Health to possess skills or education necessary to address the public health crisis may be reinstated by the Department.</p>	<p>RI Emergency Reciprocal Licensing</p>
<p>South Carolina (Current as of 10/27/2020)</p>	<p>Yes</p>	<p>The Bureau of Drug Control has extended the expiration date for SC Controlled Substances Registrations that are expiring on April 01, 2020, to April 30, 2020. 03/14/2020 - The Board waives any and all South Carolina licensing requirements for advanced practice registered nurses, license practical nurses, and registered nurses license in good standing in another state and whose services are determined to be necessary for DHEC. 03/23/2020. - Nurse practitioners licensed in good standing in South Carolina, or for whom licensure requirements have been waived, may treat existing patients in South Carolina via telemedicine, subject to the terms of their applicable agreements/protocols with their supervising/delegating/collaborating physicians in North Carolina or Georgia. - All licenses and permits that will expire in April, May, June, July or August will now expire on September 30, 2020. 4/10/2020 - APRN's and PA's do not need to enter into written practice or scope of practice agreements with a collaborating or supervising physician. 7/17/2020 - An unlicensed graduate of an accredited basic nursing education program, who applies for initial licensure by examination may be temporarily authorized to practice as a Graduate Nurse-Registered Nurse (GN-RN or Graduate Nurse-Practical Nurse (GN-PN), pending the taking of NCLEX.</p>	<p>SC Labor Licensing Regulation</p>
<p>South Dakota (Current as of 10/28/2020)</p>	<p>Yes</p>	<p>03/23/2020 Recognizes the licenses of medical professionals licensed in another state in accordance with the Emergency Management Assistance Compact. Nurses licensed in other states have the authority to practice in SD based on an active license in another state. They do not need to gain another license in SD. Fortunately, 32 states have implemented the Nurse Licensure Compact. Nurses with a multi-state license already have a privilege to practice here. Providers who would like to volunteer should go to the State Emergency Registry of Volunteers for South Dakota 05/26/2020 - Suspend provisions requiring applicants to submit proof of completing examination requirements for physicians, physician assistants, dentists, dental hygienists, physical therapists, physical therapist assistants, audiologists, occupational therapists, occupational therapy assistants, and medical assistants. Must submit proof of examination to their respective licensing Board by November 30, 2020.</p>	<p>SD Board of Nursing</p>

Tennessee (Current as of 10/28/2020)	Yes	<p>03/19/2020</p> <ul style="list-style-type: none"> - Providers who are licensed out-of-state may practice in Tennessee at the discretion of the Commissioner of Health. - The current expiration dates are extended for health care professionals and facilities to renew their license, certificate, or registration set to expire between March 12, 2020, and the date on which this Order terminates for three (3) months, during which time the holder of each license, certification, or registration may continue to legally operate or practice their profession. No fines or penalties shall be assessed or collected if the holder of such license, certification, or registration practices or operates during this extended period. - Any renewal application received by the Tennessee Department of Health within three (3) months of the expiration date of the license, certificate, or registration shall be accepted as timely. - Nurse practitioners who have been issued a certificate of fitness to write and sign prescriptions or issue drugs need not: (1) file a notice with the Board of Nursing containing the name of the nurse practitioner, the name of the licensed physician collaborating with the nurse practitioner, and a copy of the formulary describing the categories of legend and non-legend drugs to be prescribed or issued by the nurse practitioner; (2) have charts reviewed; and (3) have remote sites visited by collaborating physicians every thirty (30) days. <p>3/26/2020</p> <ul style="list-style-type: none"> - Individuals are not required to complete or submit proof of completing continuing education requirements or otherwise demonstrate continuing competence as a condition of reinstating a license, certification, or registration. The Commissioner of Health shall reasonably extend the deadline for these requirements as necessary to respond to the effects of COVID-19. - Telehealth or telemedicine services may be provided by any provider licensed under Title 63, regardless of the provider's authority to diagnose. This suspension does not otherwise alter or amend any licensee's scope of practice or record keeping requirements. <p>4/17/2020</p> <ul style="list-style-type: none"> - Nurse practitioners who have been issued a certificate of fitness to write and sign prescriptions do not need a collaborating physician (No longer in effect as of 5/12/2020) - Any provider who graduated from an approved registered or practical nursing education program on or after Dec 1 2019, but has not taken the National Council Licensure Exam may practice under the supervision of a licensed registered nurse. - Nurse Practitioners may write orders for home health services. (No longer in effect as of 5/12/2020) 	<p>TN Board of Nursing</p>
